

New Braunfels ISD

Screening Schedule

On March 20th – March 24th 2017 New Braunfels ISD employees will have the opportunity to take part in a blood health screening conducted by Health Matters. The blood screening includes the following: Metabolic Panel, Lipid Panel, Hemoglobin A1c (diabetes), Complete Blood Count, Thyroid Panel (TSH, T3 and T4), and Prostate Cancer Screen (PSA for men over 50 years old). This screening is a covered benefit under TRS Active Care (Aetna) but is available to all employees. **We are sorry but at this time we cannot accept TRS Active Care Select Baptist Health System or any other HMO insurance.** Employees covered under other Aetna or Blue Cross Blue Shield PPO plans must call their customer service number and ask about their eligibility. If eligible bring a copy of your insurance card. **All participants are financially responsible for testing not paid by their insurance.** For employees who do not have Aetna or Blue Cross PPO Insurance, the fees are \$85.00 and \$105.00 with a PSA. *Additional testing is available with profile: Vitamin D \$30.00 and CRP \$20.00.* Health Matters has provided this service for public school districts since 1989. The technicians are qualified, experienced and proficient at drawing blood.

Please bring your insurance card to the screening.
