

Lamar Elementary School

Parent & Family Engagement Policy

At Lamar Elementary School, we recognize that parental involvement is a pivotal aspect of effective schooling. The school and the home cannot be looked at in isolation from one another; families and schools need to collaborate to help children adjust to the responsibilities of being successful students. Research has shown that parental involvement plays a vital role in student achievement and conduct.

The staff at Lamar Elementary School believes that we should help parents develop skills to meet the basic obligations of family life and foster conditions at home that emphasize the importance of education and learning. Two-way communication about school programs and students' progress is promoted due to the belief that education is a responsibility shared with parents. Parents are invited to actively participate in school decision-making through our Campus Improvement Committee, and regular feedback is welcomed from all stakeholders. Parents are also encouraged to develop their leadership skills in governance and advocacy by attending school board meetings and getting involved in the Parent Teacher Association.

Lamar Elementary also promotes the following values:

- **Be Safe**
- **Be Respectful**
- **Be Responsible**

We encourage students to accept responsibility and demonstrate respect for themselves others and the environment. Through our EBIS initiative we are also encouraging a positive environment in which students can express their voice, learn and flourish. Students are also encouraged to use collaboration and available resources to solve day to day problems, building their resilience.

Through conferences, School Messenger, weekly newsletters, and Ascender Parent Portal, parents are provided with timely information about curriculum, assessments, and student proficiency levels. These ensure that the school remains focused on our primary responsibility to provide a high-quality curriculum and instructional programming in a supportive and effective learning environment that enables all students to meet academic expectations set forth in the Texas State Standards.

At Lamar Elementary School, we believe that the parents have the responsibility and opportunity to work with the school in a mutually supportive and respectful partnership with the goal of helping their children succeed in school. We are committed to increasing parental involvement, which will ultimately improve student achievement.
